***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 9/09/05 has been entered.

**Reasons of Allowance**

**The Status of Claims**

Claims 35-48, and 50-55 are pending.

Claims 35-48, and 50-55 have been allowable.

- The following is an examiner's statement of reasons for allowance:

The close prior art is Baniel et al (U.S. 5,510,526).

Baniel et al discloses a process for the recovery of lactic acid, from a lactate solution composed of sodium lactate, calcium lactate or potassium lactate, from a fermentation broth above a pH of 4.5 by using a long-chain

Art Unit: 1625

trialkyl amine in the presence of carbon dioxide by way of extraction during which carbon dioxide may be added.

However, the instant invention differs from Baniel et al in that there is nothing in the prior art to show or suggest the claimed step (d) of the first extracting the raffinate with the stripped extractant and then using the lactic acid-containing containing stripped extractant as the basic amine extractant in step (a); furthermore, there is no motivation in the prior art to arrive at the present invention.

Therefore, the claimed invention would not have been obvious to the person with an ordinary skill in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance.

Any inquiry concerning the communication after allowance such as sending all post-allowance correspondence should be directed to "Box Issue Fee" or faxed directly to PUBS at 703-305-8755. This will expedite the process of these papers.
